CERTIFICATE

The information provided here is in scope and has passed a security audit. A security audit was conducted on the subject device to identify and address vulnerabilities in accordance with Cert-In, CWE, CIS/OWASP and OSSTMM guidelines and other known vulnerabilities during the dates outlined herein.

Observation: The above Assets has undergone Security audit. The contents audited were based on the URLs mentioned above.

For more details, you may refer to the detailed report issued. This network infrastructure was audited and found suitable for deployment/operation in accordance with industry best practices, OWASP recommendations (where applicable), and CERT-In guidelines. We tested the network infra vulnerabilities and also for other vulnerabilities. All of the reported vulnerabilities are mitigated, and some are accepted: Cross-Origin Resource Sharing: Based on client's clarification, remediation implemented and revalidated; however, due to impact on existing website functionalities, the vulnerability has been accepted as an exception.

The certificate is issued with the as per the below mention.

- 1) The detailed report as part of Security Audit of Web Application for Aircraft Accident Investigation Bureau is submitted to **Aircraft Accident Investigation Bureau**. The certificate is valid for one year from the date of issue.
